24 x 42 90 L | Fox Swimout | Pleasure Pools, Inc. | Penticton, BC

## a notice to readers

Although the safety line and floats should remain on the pool at all times, some have been removed for photographic purposes only. Safety lines and floats must be permanently attached whenever the pool is in use. Fox Pool Corporation strongly recommends the use of handrails or grab rails with all pool stairs and ladders for user safety and convenience.

## learn more, see more

Fox Pool Corporation is a network of dealers throughout the United States and Canada. Ask your **Fox Independent Pool Dealer** for complete, up-to-date information on all Fox Pools, spas, liner patterns, and accessories—or visit our website at [www.foxpool.com](http://www.foxpool.com).

## A quality Fox Pool makes your *dreams* come true!

Because a pool becomes a permanent part of your home, make sure that you invest in a quality product. Fox began building pools in 1957 and offers you decades of expertise and lasting quality.

A swimming pool keeps your family together. It provides a healthful place to exercise, and it gives you a unique all-family center for summertime fun, entertainment, and relaxation.

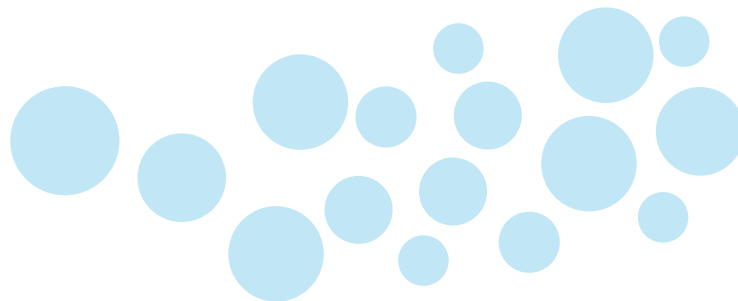

It's yours to use everyday, whenever you wish. Just open your backdoor and let Fox open a new and exciting world of lasting pleasure for every member of your family.

17 x 29 Lagoon Left | Fox WaterFall Spa | Sun Design Pools, Inc. | Plainview, NY

19 x 33 Kidney Reverse | Fox WaterFall Spa | Aquarius Pools of Roanoke | Roanoke, VA

**+always put  
safety first**

**A pool can provide your family with a lifetime of enjoyment, but like many recreational products and activities, it's essential that you use it safely.**

To help you get off to the right start, each Fox pool is delivered with a complete owner's manual, as well as several publications from the Association of Pool and Spa Professionals (APSP) that relate to safe pool use. It is very important that you read them thoroughly and understand this information.

**Fox pre-packaged pools are engineered to meet or exceed all APSP safety standards.**

We provide exacting dig drawings for every pool we make, ensuring that your Fox dealer has the proper specifications for bottom depths and dimensions for both diving and non-diving pools. Proper construction is the foundation to safety. Please be aware that even in diving pools it is unsafe to dive from the pool deck into any part of the pool. This applies to all residential swimming pools and is dictated by the APSP. To help

remind you of this and to make your guests aware, Fox supplies NO DIVING signs with all new pools and liners. Each liner is embossed in the proper area with, "no diving label" to indicate the proper area to affix the label. Make sure your dealer affixes these labels and no one removes or defaces them. If you choose to install a diving board, be certain that the manufacturer's size and placement instructions are followed exactly. Diving boards must be installed in accordance with the APSP safety guidelines.

You can obtain a copy of these guidelines directly from the APSP at **2111 Eisenhower Avenue  
Alexandria, VA 22314**

or visit their web site at **[www.theapsp.org](http://www.theapsp.org)**.  
Failure to comply with these guidelines may result in serious injury or death.

# 1 proper fence & gate<sup>+</sup>

Fencing around your pool is an important consideration. Most local codes require some type of barrier to prevent children from accessing the pool area. Typically, an enclosure must be least four foot high and include a self closing gate. Check with your local codes inspector to find out the requirements for your area.

# 2 supervision at all times<sup>+</sup>

Never allow children or infants in or around your pool without constant adult supervision. Never swim alone, and do not swim when under the influence of alcohol or certain prescription medication. Always keep a rescue ring or other rescue device handy in case someone in the pool needs assistance. Read your Fox owners manual and the other safety information provided with your pool.

# 3 no diving signs<sup>+</sup>

In addition to the no diving labels, Fox supplies you with an area sign indicating proper pool usage. You must display this sign to alert all pool users of the proper usage of the pool.

# 4 steps & ladders<sup>+</sup>

Steps and ladders are another important element of your pool. Steps or a ladder should be installed in the shallow end of your pool if the water is more than 2 feet deep, and a ladder must be installed in the deep end.

# 5 lighting for safety at night<sup>+</sup>

Be sure your pool is properly lit for nighttime usage. Your builder can discuss several options for lighting your pool properly that will not only enhance safety, but can provide you with dazzling colors to beautify your pool and backyard.

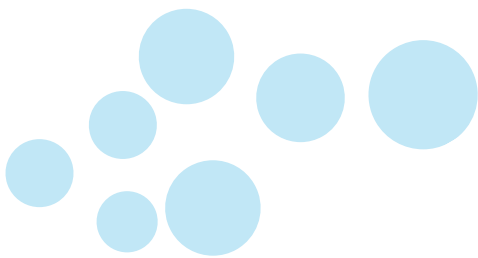

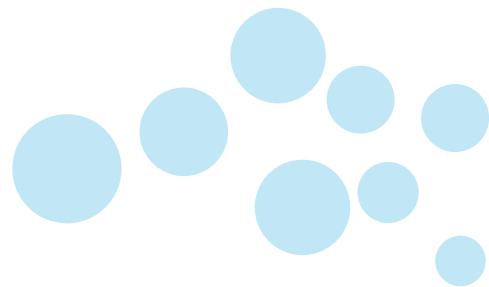

22 x 36 Crescent | Deck Jets | Designer Gray |  
Fox Pools of Spartanburg | Spartanburg, SC

**you'll find the  
*perfect* pool  
with Fox**

Owning your own swimming pool lets you open your backdoor on a whole new lifestyle. You'll save money. When you own a pool, there's no need to drive, no packing, no waiting in traffic, no hassles, etc. You'll stay home more often, because your home has now become your own, private vacation resort. You'll feel better physically, too! Swimming means healthful exercise and is the ideal way to stay in shape. It's been endorsed by the American Heart Association and the President's Council on Physical Fitness. Exercising in water is easier on your muscles and joints; so, no more tennis elbow or jogger's knee!

28 x 38 Custom Freeform | WaterFall Spa | Deck Jets | Erie Accent Pools & Spas, Inc. | Leamington, ON

## custom *designed* pools

The Fox pool building method, using the X-Brace™ concept and Fox-made liners, allows your builder to design a pool that is limited only by your imagination and budget. All custom pools must conform to current APSP safety standards. If you have a specific idea or would like to let your imagination flow, talk to your dealer about creating a custom pool, just for you! The pools pictured here may give you some ideas.

**Fox** *exclusive*

## **Fox X-Brace® construction gives you a pool that's self-supporting with or without water.**

Fox Pools use some of the same technology used in building bridges, tall buildings, water towers and other structures that require high strength due to high stresses.

Your swimming pool holds thousands of gallons of water while holding back thousands of pounds of earth. In order to ensure structural integrity over many years it is important that your pool walls will remain intact regardless of external forces. With the Fox X-Brace™ technology you get just that. Patented by Fox, the X-Brace™ structure provides 100% support for your pool walls and pool deck without concern for internal or external pressures. Don't be fooled by imitations, demand the "original" X-Brace™ only available from Fox.

### **the benefits of the Fox X-Brace® design**

- Self-supporting structure at all times
- Integral deck support
- Your pool deck can be poured immediately without waiting for the ground to settle
- Withstands frost upheaval
- The pool can be drained without worry of collapse
- The pool retains its original shape, protecting your investment

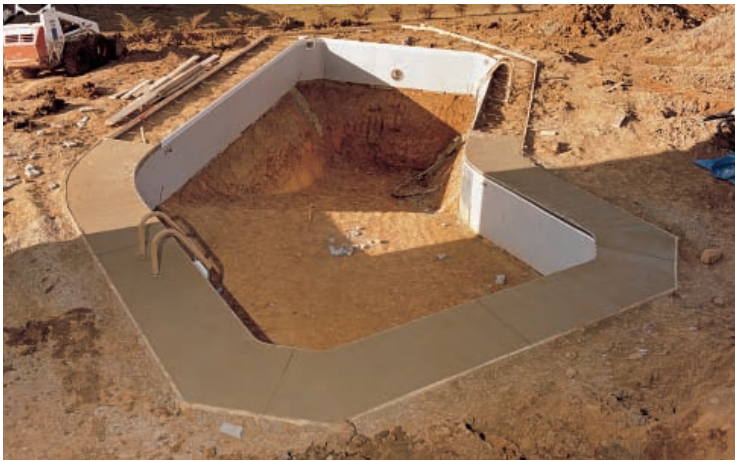

The Fox X-Brace™ technology is backed by an independent engineering report that proves the Fox X-Brace™ structural integrity is as we claim. Ask your dealer to show you a copy of this report.

### **Fox X-Brace® details**

- Pool panels are supported every 2 feet by welded-on Z Bar stiffeners
- The X-Braces™ are bolted to panels using heavy duty corrosion resistant bolts
- Steel rods and "S" hooks anchor the X-Brace™ and the pool wall to the ground
- A concrete footer or foundation is poured around the perimeter of the pool, creating a permanent "foundation"
- Pool can be backfilled with or without water
- More reinforcing rod is added to connect the top of the X-Braces™ to the deck structure
- The concrete deck encapsulates the X-Braces™ and reinforcing rod to form a unitary structure
- Backfill settles over time forming a thermal barrier between the deck and the ground to protect against frost upheaval

Backfilled Fox Lazy L pool is self supporting without water

Fox Oval pool with water is self supporting without backfill

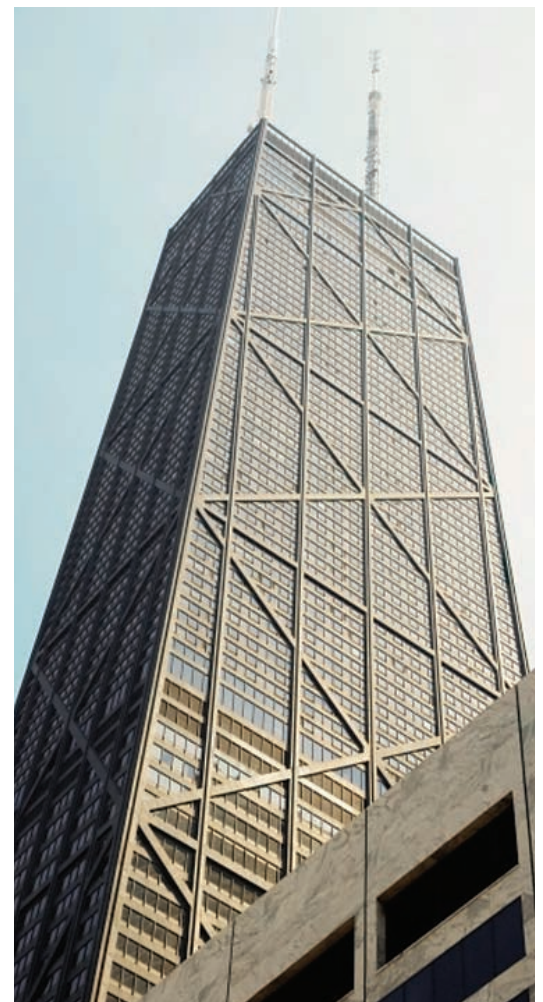

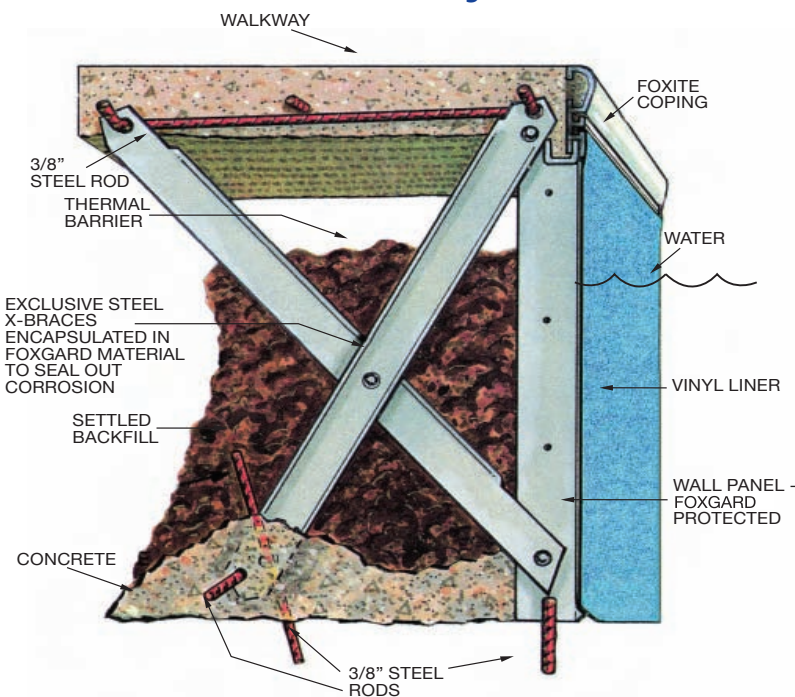

## a time-tested engineering principle

The Fox X-Brace™ pool building concept gives you this kind of structural integrity. Patented by Fox, and perfected through the years, this engineering principle has been authenticated in an exclusive Engineering Report, prepared by an independent engineering firm. Ask your builder to show you a copy...your assurance of lasting strength in any Fox pool you select.

**With a Fox Pool, your builder can install the liner and fill the pool before backfilling or installing the deck!**

## cross section cutaway

Architects use X-bracing where high strength is needed to support tall buildings and structures with high stress.

19 x 33 Lagoon | Bontrager Pools, Inc. | Elkhart, IN

make a *dream*  
your reality

**Only Fox gives your steel wall pool a lifetime of protection with our exclusive Foxgard® fusion-bonded system.**

*exclusively* **from Fox**

**In addition to superior strength, Fox pools feature FoxGard® fusion bonded protection.** Fox takes an extra step when it comes to manufacturing its pools. Each piece of 14 gauge, pre-galvanized steel is totally encapsulated, front and back, with a special powder coating, fusion bonded to the steel at 400 degrees to lockout rust and corrosion.

**extra benefits:**

- Complete rust resistant coverage over welds, corners, and edges
- FoxGard is applied after all machining processes to ensure complete coverage.
- Fusion bonding to ensure coverage in even the tightest spots
- Electrostatic adhesion eliminates drips, sags, and other surface imperfections.
- Resistant to chipping and cracking
- Endures ASTM B117-73 salt spray test requirements for 2,500 hours

The FoxGard® process of powder coating is used in a variety of other applications where superior corrosion resistance is required. Everyday items employ powder coating protection including:

- outdoor furniture
- electrical and metering devices
- stadium seats
- recreational, commercial, and industrial devices
- military applications
- truck fenders and beds

We have so much confidence in our FoxGard® products that they come with a lifetime warranty against corrosion. See our warranty for details.

Fox begins with heavy gauge galvanized steel and ends with a FoxGard® component. Note that edges and predrilled holes are fully protected.

The powder coating process begins and ends at this point: parts travel by conveyor through a 5-step cleaning process, the FoxGard spray booth and finally the curing oven.

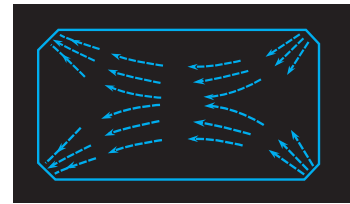

**OUTSTANDING WARRANTY PROTECTION**

Because FoxGard® offers such lasting protection, the warranty states: "Fox warrants that pool wall system components...will not deteriorate as a result of corrosion...and extends for the life of the original purchaser."

# Fox WaterFall Circulation

*more effective filtration*

The Fox “WaterFall” Circulation System provides highly effective and efficient corner-to-corner circulation because water “falls” from one end of the pool to the other. All filtered water is returned at one end while two skimmers at the other end receive the water. The smooth, curved transition, from walls to the corners, assures maximum performance. Pools are easily treated with chemicals and, in heated pools, no hot spots can be created. This system is standard with all Fox rectangular type pools over 800 square feet and optional with all others.

16 x 32 Rectangle | Aquarius Pools of Roanoke | Roanoke, VA

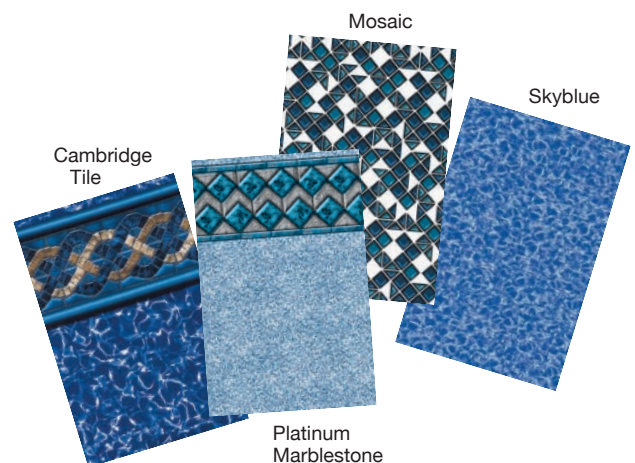

## Fox Designer Liners

choose *style*

Apart from your pool’s shape, the first thing you see is the liner. That’s why Fox offers a complete array of liner patterns, designs, and colors. We are constantly upgrading our liner selections, including prints and tile borders, so please ask your dealer to show you what is currently available or visit our web site for the latest designs.

- Liners available in 20, 24, & 28 mil 100% virgin vinyl
- Each liner is custom-made to fit each pool, even custom pools, without stretching or wrinkling
- Liner retains its thickness throughout the pool
- Lap welding fuses the vinyl together, superior to ordinary seam welds
- Soft interior surface means no scraping of toes, knees, or elbows
- No chipping, cracking, peeling, or periodic repainting
- Proper use and application of pool chemicals ensures long life
- Ultra-violet inhibitors and anti-bacterial inhibitors mean longer life
- Tile borders give you the look of real tile without the need for grouting or tile replacement

- Select from a wide-range of colors and border patterns
- Made from virgin vinyl
- Custom-fitted to every pool

# Fox Garden Series Pools

*perfect for all-family activities*

**Small enough for your limited garden area, yet large enough for all-family swimming, water exercise, and a variety of in-pool games.**

These non-diving pools allow everyone to enjoy the benefits of swimming, even for homes with limited garden space. A diving pool required a deep end that does not lend itself to in-pool games like volleyball, badminton, etc. The Fox Sport Bottom assures equal footing at both ends for lots of in-pool fun. Of course, you can also enjoy lap swimming and water exercise in a Fox Garden Series Pool.

Garden Kidney | Aquarius Pools of Roanoke | Roanoke, VA

14 x 28 Garden Rectangle | Fox Buddy Seat | PoolMate Spa | Sparklynn Pools, Inc. | Hooksett, NH

Custom 90 L Lap Pool | Fox Swimout | PoolMate Spa | Al Shirley & Son, Inc. | Winchester, VA

17 x 33 Oval | Fox Pool U.K. Ltd. | Lincolnshire, England

# Designer *Gray*

available for all Fox Pools

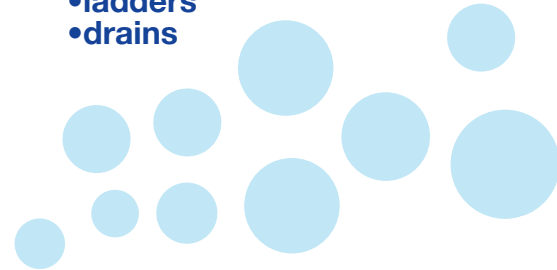

Traditionally, pools and pool components have only been available in all white with stainless steel trim. To help compliment the wide variety of tastes, Fox offers Designer Gray. A Fox Designer Gray pool includes 100% gray accessories including gray stairs, and all accessories.

## The Complete Gray Package

Only Fox offers the complete Designer Gray package including:

- stairs
- spas
- swimouts
- rails
- skimmers
- return fittings
- Buddy Seat
- in-pool benches
- ladders
- drains

## Fox *Gold Series* Pools

### Exclusive Gold Series Pools featuring In-Pool Stairs and In-Pool Bench—only available from Fox

Fox's Gold Series Pools feature Fox's patent pending In-Pool Stair and In-Pool Bench. Our new In-Pool features give you a true custom look and require less space for installation. The Gold Series is only available from your authorized Fox dealer.

#### In-Pool Stair

Designed specifically for Fox pools, the Fox In-Pool Stair is an integral part of the Fox pool wall system and provides a seamless look. The true design and shape of your pool remains intact, and Fox In-Pool Stairs enhance the beauty of your Fox freeform pool—and your backyard—with a Fox In-Pool Stair.

#### In-Pool Bench

Another Fox exclusive, the Fox In-Pool Bench provides a place to rest in the pool while keeping that seamless look. Like the In-Pool Stair, the Bench also forms an integral part of the Fox Pool wall, ensuring the integrity of the structure.

## Fox Buddy Seat®

*sun or shade: sit inside your pool!*

Until Fox invented the Buddy Seat In-Pool Lounge Center, all you could do was swim or stand inside your pool. This concept lets you sit in comfortable, contoured seats inside your pool. It's the perfect place to cool off, in chest-high water. An umbrella provides welcome shade on hot days, while hydrotherapy jets give you a relaxing, in-pool massage. No wonder so many pools shown in this catalog feature the Fox Buddy Seat In-Pool Lounge Center! For user safety, this product should always be installed in the shallow end of the pool.

## Fox Walk-In® Stairs

*comfortable and stylish*

Increase your pool enjoyment with Fox Walk-In® Stairs for an easy, comfortable, and beautiful way to enter or exit your pool. Select from a wide range of sizes and types: straight for pools with straight walls or ends and radius stairs for pools with curves. There's even a Cantilever Stair for use with cantilever coping (this is a coping that overhangs the pool). Fox stairs are made from tough, durable weatherable material to help withstand earth movement and severe temperature changes. A unique Dead-end Block encapsulates all screws to prevent leaks.

### Other Features Include:

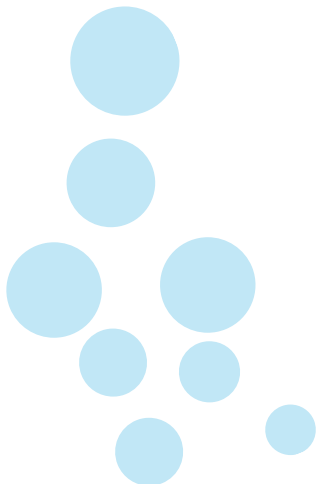

- An attractive grain-type finish for easy cleaning
- A smooth radius corner face plate for Total Liner Care (TLC)—with this design advance, there are no sharp corners inside your pool

## Fox Swim-Out & Ladders

Designed for installation in the deep end of the pool, the Fox eight foot Swim-Out is a comfortable way to exit the pool.

Ladders include handrails, escutcheon plates, and anchor sockets. White or gray rails are optional.

# Cover Your Pool

*choose from these options*

## **Fox Lock-In Cover**

### **Your pool keeps its Shape all Winter**

The Fox Lock-In Cover locks into your pool's coping below the deck so your pool retains its shape all winter. No water bags or deck clutter, no leaves or insects under your cover to stain your decks. With 20 mil sidewalls for extra strength and 12 mil across the pool, this 3-year limited warranty cover will keep your pool strong all winter long.

## **Fox Safety Cover**

### **Utmost in Safety and Security**

Fox Safety Covers are made from tough, durable polypropylene mesh for lasting security and safety. They meet or exceed ASTM safety performance standards. They are custom fitted to any Fox pool, keeping it clean and protecting your pool from intruders. This cover comes with a 10-year limited warranty.

## **Fox Automatic Pool Cover**

### **Ultimate in Safety and Convenience**

Here's the ultimate in pool covers! One touch opens and closes the cover; it's fully automatic and takes only minutes to work. The Fox Automatic Pool Cover cuts heat loss by closing your pool whenever it's not in use. When closed, your pool is fully protected from unwanted visitors, pets, leaves, and dirt. It comes with a 20-year limited warranty on the mechanical system, and a 7-year limited warranty on the cover fabric.

## **Fox Solar Blankets**

### **Retain Heat in Your Pool**

Raise the water temperature or just keep the heat in your pool with our specially designed Fox solar blankets. Our blue/black color increases the water temperature up to 25% more than standard solar blankets.

# Add a Waterfall Spa

**Our WaterFall™ Spas are actually three products in one:**

- graceful pool-side waterfall that's soothing to watch and hear
- six person spa complete with hydrotherapy jets and heated water
- becomes a wading pool for children when you add the special toddler insert (round spas only)

Of course, you'll always want to supervise children around the pool. The Fox WaterFall™ spa comes with a 250,000 BTU heater and hard cover and is available in Sparkling White or Gray Granite.

**All Fox Spas feature the following:**

- easy entry steps
- insulated spa cover
- 12 or 25 jets for a total massage
- easy-clean skimmer
- durable acrylic shell
- available in Sparkling White or Gray Granite
- 5-year limited warranty

19 x 33 Lagoon | WaterFall Spa | Designer Gray | Cantilever Coping | Craig Shearer Contracting Company, Inc. | Hiram, GA

19 x 36 Lagoon Right | PoolMate Spa | Sparklynn Pools, Inc. | Hooksett, NH

**The Fox PoolMate™ Spa is the perfect compliment to your pool!**

This spa is designed to be located near your pool or anywhere in your yard.

**Some extra benefits include:**

- uses your pool's filtration system
- comes with a 250,000 BTU heater to heat spa water or pool water
- PoolMate™ Plus features its own pump, heater, and filtration system so you can use it year-round

Available in round or square versions, many pools in this catalog feature the PoolMate™ Spa.

14 x 30 AutoCover Rectangle | PoolMate Spa | Deck Jets | Fox Pools of Indianapolis | Carmel, IN

## Accents

*perfect finishing touches*

### lighting for safety & ambiance

Choose from standard lighting to color changing/mood changing SAm® lights, fiber optic, or long lasting, energy efficient LED lighting. Whatever option you choose, you're sure to make the right decision with Fox lighting systems.

### deck jets add a dramatic touch

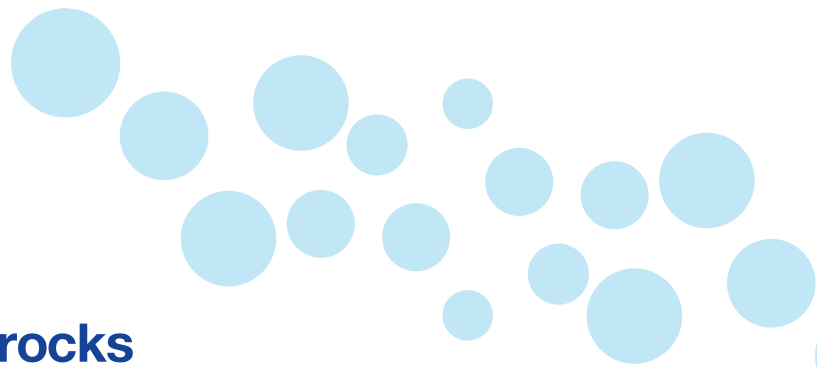

Create a dramatic look for your pool with Fox Deck Jets. Elegant Water arches can add that custom touch you've been looking for.

# The right finishing touches to your pool can make your entire backyard look *spectacular*.

Colored lighting, water features, diving boards, and slides can transform your backyard experience to suit your lifestyle. Fox has all the added features and more to customize your backyard project.

## diving boards & slides

Adding a properly matched diving board to your Fox designed diving pool will give you an extra element of fun. Be sure to follow the proper guidelines for safe diving. Fox water slides add a new dimension to the swimming experience for children and adults alike. Choose from several models to add to your custom Fox Pool.

## rocks & waterfalls

Fox has a variety of realistic rock waterfalls that provide an added natural touch to any pool. Rock waterfalls not only improve the look of your pool, but the tranquil sound of cascading water will enhance your total pool experience.

# Eco-Friendly Pool Support

Triton® Sand Filter

## Maximum Filtration with the TRITON® II SAND FILTER

**GlasLok™ one-piece reinforced fiberglass tank with UV coating for years of dependable life**

The unique flow design means less frequent backwashing to save water, energy, time and money. Designed for easy maintenance with instant access to sand and internal parts.

Quad D.E.® Filter

## More Filter Surface for Cleaner Water with the QUAD D.E.® FILTER

**Four D.E. cartridges trap more dirt.**

An internal flow path means more backwashing efficiency. Polyester cartridge media has super-slick surfaces for super easy cleaning.

FNS® Plus D.E. Filter

## Less Frequent Cleaning with the FNS® PLUS D.E. FILTER

**Curved vertical grids trap more dirt and require less frequent cleaning.**

The filter grid pack is easily removed to save you time and effort. There are many other features; just ask your dealer.

Note: Both these D.E. filters use a fine, white powder, diatomaceous earth, to trap and filter out even tiny particles of dirt.

Clean & Clear® Plus Filter

## Clean & Clear® Plus Series CARTRIDGE FILTERS

**Four cartridges trap more dirt and are easily removed and rinsed.**

Continuous internal air bleed prevents air build-up so the Clean & Clear Plus filter always operates at peak performance. This strong, long-lasting, corrosion-resistant tank gives years of service.

IntelliFlo VS-3050 Pump

## IntelliFlo HIGH PERFORMANCE PUMP Pays for Itself in 3 Years with Energy Savings

**It uses less horsepower than ordinary pumps.**

It's also designed for whisper-quiet operation—no noise pollution. Oversized strainer basket extends time between cleanings.

MasterTemp® Heater

## Save Energy with the High Efficiency MasterTemp® GAS HEATER

### Best-in-Class energy efficiency ratings

Push-button, digital controls mean you don't have to worry about a pilot light. Certified for low NOx emissions, the MasterTemp® gas heater outperforms industry standards! Many safe operation features allow you to heat your pool or spa using less energy with this state-of-the-art gas heater.

UltraTemp® Heat Pump

## Low Energy Usage with the UltraTemp® HEAT PUMP

### Uses only 20% of the energy that other heaters use

This pump uses heat in the outside air to warm your pool, so no gas or oil is needed. This Emerson Copeland Scroll compressor is more efficient and quieter than piston-driven compressors. It uses EPA recognized R-410A refrigerant, which is clean, environmentally safe, and does not harm the ozone layer. A 100% titanium heat exchanger guards against corrosion for longer life. The automatic defrost feature prevents against freezing, and self-diagnostic software continuously monitors the system for peak performance.

Kreepy Krauly® Legend II Pool Cleaner

## Reduce Cleaning Time with Automatic Cleaners KREEPY KRAULY® LEGEND & LEGEND II

### More vaccuming power

These automatic cleaners self-clean most pools in 1-3 hours. A 60% larger debris bag captures more dirt! Ask your Fox Dealer about these work-saving, time-saving products!

EasyTouch® Pool Controls

## Controlling Equipment is easy with an EasyTouch® CONTROL SYSTEM

### Automate 4 or 8 equipment and accessories operations with the touch of a button!

The FoxSmart IntelliTouch® systems control lights, fountains, filters, and even music from a single device. One touch does it all! The EasyTouch® Pool/Spa Control System lets you program everyday equipment operation for optimum efficiency. Ask your Fox Dealer which system is right for your pool and equipment.

Fox Smart In-Pool Cleaning System

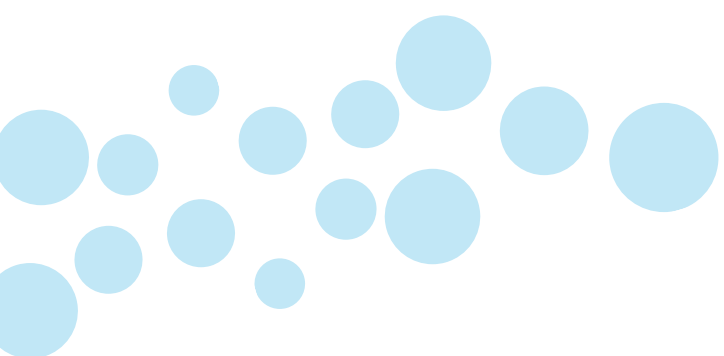

## Clean Your Pool More Efficiently with the FOX SMART IN-POOL CLEANING SYSTEM

### Small jets agitate water & direct dirt to main drain

Water is circulated more effectively with the Fox Smart in-pool self-cleaning system. These small, pop-up jets mix chemicals and keep your pool at a more consistent temperature. You'll have a cleaner pool with less maintenance. These must be installed when the pool is under construction.
