

## Royal Spas Model / Empress

Step into the warm, massaging waters of the Empress. With 42 jets, the Empress offers 3 seats and 2 ergonomically designed loungers with plenty of jets to concentrate on the calves and feet. Some people uncomfortably “float” in a lounge so we have engineered these loungers to eliminate this type of buoyancy problems. The award-winning Empress seats five adults in comfort and is our current #1 Selling Spa. In between the 2 loungers is the “Hot Seat” hydrotherapy station. With 12 jets, this seat offers a spectacular combination of Euro, Roto and Pulsating Jets and to massage up and down the entire body including your palms/wrists to alleviate carpal tunnel problems. If your feet require special attention, this spa has a foot massage station for every seat in the spa.
