

Royal Spas Model / King Ultra

Welcome to the King Ultra. The King Ultra and its expansive seats, offers several areas that are extra deep and extra wide for that unparalleled shoulder room. This spa boasts 52 high performance hydrotherapy jets with 8 soothing air injectors to provide a total of 60 points of massage. The roomy foot well, wide rounded seats and a contoured lounge combine to make this popular spa a winner. Custom build your Ultra King with any color and cabinet combination along with the many other options available to help you relax or stimulate your senses.
